FOR IMMEDIATE RELEASE

New "Bare Metal" cleaner and degreaser cuts through grease, oil, wax, tar and other contaminants on metal surfaces fast

New cleaner complements line of general maintenance and production products

Wheeling, IL — Bare Metal is ideal for metal fabricators, tool and die operations, auto shops and anyone who needs to clean metal. Bare Metal is an industrial strength metal cleaner and degreaser that removes the worst grease and grime, as well as oil, wax, tar and other contaminants on tools, motors, bearings, generators, control panels, power tools and more.

Plastic molders can use Bare Metal to removing silicones and other contaminants from mold surfaces.

Extremely easy to use, just spray fast-drying Bare Metal on the surface to be cleaned, moving from top to bottom. Even hard to reach cracks and crevices come clean. Then wipe away the overflow, or simply allow it to dry. Bare Metal leaves no residue.

Bare Metal is the newest addition to an extensive line of general maintenance and productivity enhancing industrial aerosol products from Slide Products. Other products include: Silicone Spray Lube; Penetrant Plus[®] penetrating oil; Glass & Plastic Cleaner, Veri-Kleen contact and metal cleaner; Add=Here spray adhesive; No-Rust[®] rust preventive; Cutting Oil; Tap-It[®] tapping fluid and Thin-Line[®] blue layout ink.

Founded in 1953, Slide Products, Inc., an environmentally conscious manufacturer, makes mold releases, cleaners, rust preventives and more.
