FOR IMMEDIATE RELEASE

Non-chlorinated, Quick Mold Cleaner fast-evaporating formulation effectively cleans molds without wiping

Cleaner has no CFC's and no methylene chloride

Wheeling, IL — Cleaning time is reduced, maximizing productivity, with Quick Mold Cleaner from Slide Products, Inc.

Formulated to work quickly and completely, Quick Mold Cleaner leaves no residue so there is no need to wipe off the mold. Effectively cleaning at room temperature, its powerful cleaning agents remove silicones, grease, oil and wax build-up on mold surfaces, etc. Maintenance personnel simply spray the mold surface at the top until it is flooded. The SLIDE® Econo-Miser spout helps clean out crevices and recesses. Mold Cleaner evaporates almost immediately, so the mold is ready sooner, maximizing the productivity of your operation.

Quick Mold Cleaner is non-chlorinated, and contains no methylene chloride and no chlorofluorocarbons (CFC's), making it the ideal cleaner for environmentally concerned manufacturers.

Founded in 1953, Slide Products, Inc., an environmentally conscious manufacturer, makes mold releases, cleaners, rust preventives and more.
