

TECHNICAL DATA SHEET

PDQ Purging Compound 1-quart (6 quarts/case)

43432

Product Description

P.D.Q. works with the carrier resin to remove all thermoplastics, and is effective for resin-to-resin and color-to-color changes. It requires no soaking, maximizing production up-time and eliminates the need to keep cracked acrylic purging resin inventory. Its unique self-measuring bottle meters out just the right amount of concentrate, eliminating waste.

Applications

Purging Compound

Shelf Life

Three years from Date of Manufacture (as found on the bottom of each can and shipping box)

Unit Package Description

32 fluid ounce bottle

Generic Description

Purging Compound

Net Weight Fill

32 net ounces per bottle

UPC Code

858799000349

Appearance

Off-white Liquid

Odor

Slight Amonia

Flash Point F

None

Flash Point C

None

Base Type

Water

Evaporation Rate

N/A

HMIS Rating

Not Determined

DOT Proper Shipping Name

Not Regulated, Cleaning Compounds, NOI

Removal

N/A

Units Per Case

6

Case Weight (lbs)

18

Working Temperature F

212 to 450 degrees

Working Temperature C

100 to 232 degrees

Propellant

N/A

NFPA Aerosol Flammability Level

N/A
