

TECHNICAL DATA SHEET

LMR Lecithin Mold Release Aerosol

43512N

Product Description

LMR is a non-silicone, fully paintable mold release. It is non-crazing and will not interfere with part bonding, heat sealing, laminating, ultrasonic welding or post-decorating. There is no build up on mold surfaces and minimal migration.

Applications

Mold Release

Shelf Life

Three years from Date of Manufacture (as found on the bottom of each can and shipping box)

Unit Package Description

16 ounce aerosol

Generic Description

Paintable Mold Release

Net Weight Fill

11.5 net ounces

UPC Code

858799000356

Appearance

Light-brown Oily Liquid

Odor

Ether like

Flash Point F

Not Applicable

Flash Point C

Not Applicable

Base Type

Lecithin

Evaporation Rate

Fast

DOT Proper Shipping Name
