

TECHNICAL DATA SHEET

Acid Vapor Neutralizer Aerosol

44011P

Product Description

Acid Vapor Neutralizer Rust Preventive is engineered to protect stored molds and dies from corrosive attack by hydrochloric and hydrobromic acids, as well as most common atmospheric corrosives and fingerprint acids. Widely used in the manufacturing of PVC and flame-retardant resin products, this rust preventive is a one-step solution that doesn't require coating with a separate acid neutralizing product first. Duration of protection that is offered is dependent on amount of PVC and flame-retardant being molded.

Applications

Rust Preventive

Shelf Life

Three years from Date of Manufacture (as found on the bottom of each can and shipping box)

Unit Package Description

16 ounce aerosol

Generic Description

Rust Preventive

Net Weight Fill

11 net ounces

UPC Code

858799000400

Appearance

Brown-tint Liquid

Odor

Petroleum like

Flash Point F

Not Applicable

Flash Point C

Not Applicable

Base Type

Petroleum

Evaporation Rate

Slow

HMIS Rating

1, 4, 0, B

DOT Proper Shipping Name

UN 1950, Aerosols, Flammable, 2.1, Limited Quantity

VOC % (Federal)

75.14

VOC g/L (Federal)

519.91

VOC lbs./Gal (Federal)

4.34

Removal

Remove with organic or hydrocarbon solvents

Units Per Case
