

TECHNICAL DATA SHEET

X-EMPT Mold Cleaner Bulk/Liquid 47401B, 47405B, 47455B

Product Description

Single-purpose industrial mold cleaner formulation that contains only EPA-exempt VOC compounds and surpasses California's CARB standards. This formulation includes Acetone as its primary ingredient, and is ideal to use when a strong mold cleaner is needed in shops that require EPA-exempt VOC compound mold cleaners. X-EMPT evaporates quickly and is not for use on painted surfaces.

Applications Mold Cleaner

Unit Package Description 1, 5 and 55-gallon containers

Generic Description Mold Cleaner

Approx. Net Weight Fill per Gal. 7 pounds

Net Weight Fill 1 - 55 gallons

Appearance Colorless Liquid

Odor Floral, sweet, acetone

Flash Point F Negative 4 degrees

Flash Point C Negative 20 degres

Base Type Acetone

Evaporation Rate Fast

HMIS Rating 1, 3, 0, X

DOT Proper Shipping Name UN1090, Proper Shipping Name - Acetone, Hazard

Class - 3, Packing Group - II

VOC % (Federal) 100

VOC g/L (Federal) 784.86

VOC lbs./Gal (Federal) 6.55

Removal Will Evaporate Completely

Units Per Case

Case Weight (lbs) Various

Working Temperature F 32 to 300 degrees

Working Temperature C 0 to 149 degrees

Specific Gravity 0.796
