FOR IMMEDIATE RELEASE

Expanded line of fast, powerful cleaners, degreasers, general maintenance and metalworking products enhances productivity and minimizes downtime

11 products developed specifically to meet the demand for strength and speed

Wheeling, IL — Eleven industrial strength products, formulated for a variety of maintenance and production applications, are now available from Slide Products, Inc.

Fast-working and strong to maximize productivity, these cleaners, degreasers, lubricants, rust preventives and more are available in aerosol for convenience, or in bulk for even greater economy.

Super Grease is a NLGI #2 grease that is FDA approved, USDA rated and USDA listed H1. Silicone Spray Lube, formulated with FDA approved silicone, has thousands of uses including machinery, hinges, locks, windows and more. Penetrant Plus[®], a multi-purpose penetrating oil, quickly frees rust-frozen parts and lubricates.

Glass & Plastic Cleaner has a special "FOAMACTION"[™] formulation that works fast on glass, mirrors, plastic, tile chrome, metal, etc. without leaving a film or residue. Veri-Kleen contact and metal cleaner is ideal for circuit boards, tape heads, motors and metal cleaning applications. Bare Metal cleaner and degreaser is an extremely powerful cleaner that removes the worst grease and grime, right down to the metal, without wiping.

To protect metal, NO-RUST[®] neutralizes and prevents rust, protecting metal up to 5 years under normal conditions. For cutting, drilling, sawing, threading, tapping and more, Cutting Oil is the ideal general purpose metalworking oil. Tap-It[®] produces cleaner, higher-quality tapped threads. And Thin-Line[®] Blue layout ink won't break when crossing and will not melt or disintegrate when cutting only lines. ADD=HERE is an ideal multi-purpose adhesive. It can be used to create both temporary and permanent bonds.

-More-

Founded in 1953, Slide Products, Inc., an environmentally conscious manufacturer, makes mold releases, cleaners, rust preventives and more.
