FOR IMMEDIATE RELEASE

PURE EZE mold release receives UL recognition for 94V-0 resins

White-oil-based all purpose release ideal for medical and food applications

Wheeling, IL — A paintable, non-silicone, non-lecithin, neutral white-oil-based release, Slide PURE EZE mold release now has UL recognition for use with 94V-0 resins.

PURE EZE works with all thermoplastic resins, polyolefins, polycarbonates, rubber and some epoxies, making it an excellent, all-purpose release. Formulated with a highly-refined mineral oil, it is colorless, odorless, tasteless and will not change color or turn rancid over time.

Containing no ozone depleting chemicals, and no chlorinated solvents, PURE EZE is safe for solvent-sensitive plastics, will not interfere with bonding, and is ultra-sonic welding compatible. It is also food-approved and ideal for medical applications.

Founded in 1953, Slide Products, Inc., an environmentally conscious manufacturer, makes mold releases, cleaners, rust preventives and more.

For a trial sample of Slide's products and a catalog go to www.slideproducts.com, or contact Slide Products, 1-800-323-6433; Fax: 1-800-756-7986; Email: info@slideproducts.com.
