**FOR IMMEDIATE RELEASE**

**Now available in a convenient 10-gram mini tube, Slide Super Grease is  
FDA approved, USDA rated and USDA listed H1**

*NLGI #2 high temperature range grease from Slide Products will no separate, run or fall out*

Wheeling, IL – Now available in a convenient mini 10-gram tube, Super Grease from Slide Products, Inc. is a clear, clean, non-yellowing grease that will not freeze, melt or gum up. Colorless and odorless, Super Grease has excellent load bearing properties and provides excellent mechanical stability when sudden temperature changes occur. It also repels water and prevents corrosion. Now available in a smaller squeeze tube, it is even more convenient for those small lubricating jobs found throughout the plant.

An excellent dielectric, non-silicone Super Grease lubricant is compatible with other lubricants and is FDA approved, USDA rated, and USDA listed H1. Super Grease is ideal for injection molds, mold assemblies, and especially medical and food grade plastic parts. An NLGI #2 high temperature range grease, Super Grease has an operating temperature range of from -45° to +650°F. Super Grease is available as an aerosol, in 14.5 oz tubes that fit a standard grease gun, and now a 3 oz. tube.

Founded in 1953, Slide Products, Inc., an environmentally conscious manufacturer, makes mold releases, cleaners, rust preventives and more.
