

TECHNICAL DATA SHEET

X-EMPT Mold Cleaner Bulk/Liquid 47401B, 47405B, 47455B

Product Description

Single-purpose industrial mold cleaner formulation that contains only EPA-exempt VOC compounds and surpasses California's CARB standards. This formulation includes Acetone as its primary ingredient, and is ideal to use when a strong mold cleaner is needed in shops that require EPA-exempt VOC compound mold cleaners. X-EMPT evaporates quickly and is not for use on painted surfaces.

Applications

Mold Cleaner

Unit Package Description

1, 5 and 55-gallon containers

Generic Description

Mold Cleaner

Approx. Net Weight Fill per Gal.

7 pounds

Net Weight Fill

1 - 55 gallons

Appearance

Colorless Liquid

Odor

Floral, sweet, acetone

Flash Point F

Negative 4 degrees

Flash Point C

Negative 20 degrees

Base Type

Acetone

Evaporation Rate

Fast

HMIS Rating

1, 3, 0, X

DOT Proper Shipping Name

UN1090, Proper Shipping Name - Acetone, Hazard Class - 3, Packing Group - II

VOC % (Federal)

100

VOC g/L (Federal)

784.86

VOC lbs./Gal (Federal)

6.55

Removal

Will Evaporate Completely

Units Per Case

1

Case Weight (lbs)

Various

Working Temperature F

32 to 300 degrees

Working Temperature C

0 to 149 degrees

Specific Gravity

0.796
